MORE CHEWING GUM

Mr. John Van Culin Now Spreads Out at St. Louis.

Paducah Banker May Go West to Locate New Hotel Clerk—Undertaker Sells an Interest.

MATTERS OF INTEREST IN BUSINESS

A matter of interest to the people of Paducah is the consolidation of chewing gum factories in St. Louis, one of which is that of Mr. John Van Culin, until recently of Paducah. A St. Louis paper says:

"The Van Culin Manufacturing Co. a consolidation of George H. Berry and Co. and the John Van Culin Manufacturing Co., chewing gum manufacturers, have been incorporated with a capital stock of \$20,000, all paid."

"John Van Culin is president of the new company and George H. Berry vice president and general manager. George N. Truesdale is secretary. The firm has closed a lease on offices and factories at No. 318 North Commercial street."

Mr. Oscar Jones, of the American-German National bank, says the statement in a local paper that he is to go to California to reside is a mistake. He will go to San Bernardino, on a visit to his brother in a few weeks, but has not decided to live there.

Mr. L. T. Spaulding of Henderson, has bought an interest in the Nance undertaking establishment and is here to take a position in it. He was formerly president of the Henderson Cotton and Milling Co., but sold his interest several days ago, desiring to come to Paducah. He is a son of Hon. Sam' P. Spaulding, of Union county, and a nephew of County Judge I. H. Spaulding of Henderson. The new firm is to be known as Nance, Spaulding and Co.

Mr. Louis Ratter of Carversville has accepted a position as day clerk at the New Richmond hotel, to succeed Mr. Frank Crouse, resigned.

Mr. Crouse will probably enter the New Richmond bar. Mr. Ratter was formerly clerk at the hotel, and is thoroughly acquainted with the business.

His many friends will be pleased to learn that he has returned to the city.

The firm of Harding & Miller, manufacturers and dealers in musical instruments, of Indianapolis, will close all its houses in the state, and will substitute instead traveling salesmen, as do other houses. The firm had a branch in Paducah, and many other cities in the state. The cause for this move is bad business, or rather not enough business to justify the stores, and by placing traveling salesmen on the road for the firm, a great expense can be saved. The local house was closed today, but its business will not be settled up for some time.

NEW ORDER

ARTICLES OF INCORPORATION FOR THE "UNION MILITANT."

Articles of incorporation of a big union order under the name of "The Union Militant," were filed this morning with the county clerk. The object of the order is to promote and to "unite the members in the fraternal bonds of union, honor and courage, all acceptable persons of good moral character, and sound body and mind and health into a union to promote and make possible all the advantages of intermediate social advantages."

The union will be incorporated with no capital, and the officers will be elected on the second Tuesday of each year.

The body governing the order will be called the "supreme chapter," composed of the following members: Chief officer, supreme foreman, assistant supreme foreman, father of chapel, supreme secretary, supreme physician and supreme councilor. Other officers will be elected if found necessary. The order will begin business the first of the next month and will have no debts other than to the members not exceeding \$5000. The order contains a sick and a death benefit. For death to a male member insurance of not exceeding \$2000 is to be paid to a female member for not exceeding \$1000. Half that goes to the members if disabled or if they become too old to work but in the case of the latter they will have to be past the age of 65.

Mr. Alex Wilson is one of the men who effected the organization of the order, and will be the supreme foreman.

Y. TAYLOR'S NEW LEOTARD. Nashville, Jan. 14.—Ex-Gov. H. H. Hays delivered his new leotard, a "Old Plantation," to an audience of about 1,000 people in the Tabernacle here. It is said to have been the only one of its kind ever assembled.

HOWARD CASE.

The Defense This Afternoon Began Its Evidence.

The Commonwealth Have Not Made Out a Good Case, It is Said.

Frankfort, Jan. 16.—Judge Gordon this morning stated the case for the defense in the trial of Jim Howard for the alleged murder of Senator William Goebel. This afternoon the taking of testimony for the defense began. There is a large number of witnesses to examine.

IS ANOTHER DEMAND

Carpenters Want Eight Hours, and Thirty-Five Cents an Hour.

It May Cause Trouble—Central Labor Union Meets Tonight to Elect Officers.

CHILD LABOR BILL CONTEMPLATED

Five local unions have now made a demand for the eight hour day. The Carpenters' union has served notice on the contractors that when the new schedules go into effect in the spring, they must be required both eight hours, and get thirty-five cents for it.

They now get \$2.50 a day for nine hours work. It is claimed that this demand will cause more trouble than any of the others. The brickmasons, plasterers, hod carriers and painters have already made their demands for eight hours' work and nine hours' pay, but the reason the action of the carpenters is more likely to occasion trouble than that of any other union is because of its strength and importance. There are about 150.

Some of the contractors now declare that they will never make the concession, but whether they will give in by the time the schedule is changed or not remains to be seen.

President Sam Simon has been in Frankfort for the past several days. It is understood he will work for the passage of the child labor bill, that may have a decided effect on more than one local industry.

Tonight the Central Labor Union meets and elects officers. Nominations were made about two weeks ago.

The Bartenders' union will elect officers for the year next Sunday.

BOTH HURT.

A BIOLOGIST RUNS INTO MR. G. C. CRUMBBAUGH

Mr. G. C. Crumbaugh of the Fowler-Crumbaugh boat store, was run down by a boy on a bicycle last night, but fortunately not badly injured.

Mr. Crumbaugh was alighting from a street car, and just as his feet touched the ground he was suddenly struck by the boy and knocked down. The boy, whose name was not learned, was thrown to the ground and his knee badly skinned and bruised. Mr. Crumbaugh escaped with no serious injury. The boy was riding too fast, as do many others, and it was remarkable that the accident did not result more seriously.

STILL PLAYING.

LEGISLATURE THIS MORNING RECEIVED A RABBIT BILL

Frankfort, Ky., Jan. 16.—Many senate bills were introduced today. One is providing a penalty for shooting rabbits between the months of January and November.

Richardson introduced a bill creating a board of charity commissioners, to govern asylums and charitable institutions.

ILLINOIS CENTRAL

SECURES BRIDGE.

Omaha, Neb., Jan. 16.—The Illinois Central railroad company has secured control of the bridge across the Missouri river and all the tracks of the Omaha Bridge and Terminal company. The property is a valuable one, having terminal tracks in this city, South Omaha and Council Bluffs, and a new bridge across the river. J. E. Titus, local treasurer of the Illinois Central at Chicago, attended the meeting of stockholders and voted the stock of the company. The directors elected are: John G. Welling, J. T. Harahan, J. G. Brown, and J. T. Titus. Mr. Welling is president of this city. The officers are: President, J. G. Welling; vice president, and general manager, J. P. Webster; secretary and treasurer, J. P. Daniels.

KILLING AT WEST LIBERTY.

West Liberty, Jan. 1.—Ben Blevins shot and killed Ed Williams in this county and escaped.

The Corbett-Crory Wedding Yesterday Afternoon.

Young Lady of Paducah Marries a Prominent Young Physician in Alabama.

OTHER WEDDINGS ARE REPORTED

The wedding of Miss Mary E. Corbett of the city to Mr. Arthur D. Crory of Kansas City, Mo., was solemnized yesterday afternoon at 4:30 o'clock at the First Christian church, in the presence of a large number of friends of the popular bride. The church was attractively decorated in white and green, with a profusion of palms, calla lilies and narcissus and chrysanthemums, arranged about the altar. Southern smilax was gracefully draped on a background of white. Over the altar was suspended a large "O" of white flowers. Prof. Dodd presided at the organ with effective skill.

The ushers, Messrs. Charles Alcott, Frank Boone, Edwin Wilson, James Campbell, Hughes McKnight, John Sherwin, Douglas Nash and Evert Thompson, entered first, followed by Miss Ella Settle, the maid of honor, who wore a pretty gown of white organza over white silk and carried a bridesmaid rose. The bride entered with her brother, Mr. Tom Corbett of Memphis, and looked especially charming in a handsome bridal gown of white crepe de chine, with veil. She carried bride roses. At the foot of the altar the ushers separated and stood on each side, while the others ascended into the altar and were met by the groom and Rev. W. H. Pinkerton, who performed the ceremony. The bride party faced the audience, and the scene was very pretty and effective. The ceremony was quite an elaborate one.

A number of out of town guests were present for the occasion, among them: Mr. and Mrs. C. D. Crory of South Haven, Mich., Mr. and Mrs. Jacob Corbett of Wickliffe, Miss Fannie Richmond of Clinton, Mr. Thomas Corbett of Memphis, Mr. Jake Dudley of Mayfield, Mr. Arthur Smith of Wickliffe, Mr. Thomas Stahl and Mr. Wm. Stahl of Ballard, Mr. and Mrs. Ralph Crory of Chicago.

The Sans Souci club, of which the bride is a member, occupied seats inside the white ribbon, and added to the attractiveness of the occasion.

Miss Corbett is a pretty and charming young lady, and quite a popular member of Paducah's social life. She will be greatly missed.

Mr. Crory is a prominent young business man, a representative of the American Can Co., with headquarters at Kansas City.

Mr. and Mrs. Crory left at 6 o'clock on a bridal trip south, and will reside in Kansas City.

Miss Annie Moore of South Fourth street, a sister of Mr. Robert Moore, the well known steamboat engineer, and Dr. A. S. Palmer of Halesville, Ala., were married at Tusculum, Ala., last night at 8 o'clock. Miss Moore is a popular young lady of the city, and the marriage will come as a great surprise to her many friends.

Dr. Palmer and Miss Moore met at Tusculum while the bride was en route to Halesville to visit, and she had left the city only a few days ago. The couple will reside in Halesville, where the young physician has a large practice. A telegram announcing the wedding was received here by friends last night immediately after the marriage ceremony had been performed.

Quite a romantic wedding took place at the residence of Mr. I. C. Perry yesterday afternoon at 3 o'clock, when Mr. J. P. Deboe of Clinton, Ky., the assistant postmaster, was married to Miss Eva Hill, the assistant postmaster at Marion, Ky. The wedding was a surprise wedding, and will no doubt be received with much surprise by their many friends. Directly after the ceremony the couple left for the groom's home to reside. He is a cousin of Senator Deboe.

Miss Katie M. Lehrer and Mr. Garfield Frogge will be married this evening at 8 o'clock at the home of Mrs. Katterjohn, 1101 South Eleventh street. Miss Gussie Koch, of Cairo, will attend the bride and Mr. George Engmert, of the city, the groom. There will be only a few friends and relatives present. Tomorrow morning they will leave for Lexington, Tenn., to reside. Mr. Frogge is employed by the N. C. and St. L.

Mr. Arthur Stone and Miss Mattie Seacore, of Cayce, Ky., were married at Hickman, Ky. The bride is a wealthy and well known young woman of that county.

DOCTORS ACT.

Indorse a Bill Relative to Criminal Operations in State.

The Legislature Will Be Asked to Pass It Immediately.

The Paducah Medical and Surgical society met last night with Dr. J. C. H. Brothers, and adopted a resolution indorsing a bill prepared for them by Judge W. A. Berry relative to criminal operations.

The doctors found upon investigation that the state laws are very lax and inadequate, and that criminal operations are possible under the present law, only after three months of pregnancy.

The new bill makes it a felony for a criminal operation to be attempted or performed at any time after pregnancy, either by administering drugs or in any other way. It is claimed that a great and growing evil can be punished and eliminated by the passage of the new law.

The bill will be forwarded at once to Representative Clark, and the legislature will be asked to pass it.

MAY RECOVER.

Lineman Charles Bell Improves and Becomes Conscious.

His Doctor is Now Hopeful of His Recovery.

Lineman Charles Bell, who fell from a thirty-foot pole at Fourth and Broadway yesterday morning, and it was thought was fatally injured, may live a good many years longer, and climb many more poles before he shuffles off this mortal coil.

It seems he was not as seriously hurt as was thought. Last night he regained consciousness, and asked that his head be turned so it wouldn't pain him so much. The only danger now is from concussion or inflammation of the brain.

Lineman Bell stated that he received no shock, causing him to fall, but that his climbers gave way when he had his hands away from the pole, as The Sun stated yesterday. His doctor considers his chances to recover good.

Mrs. Alex Kirkland and Miss Marie Noble left today for Evansville.

MORE IMPROVEMENTS

The Illinois Central Will Prepare to Make Better Time.

The Louisville Division to Get Its Share of Work—Many New Cars Ordered.

MINOR NEWS OF THE RAILROADS

The I. C. road will this summer make many improvements to the system, and the Louisville division will get her share of the work.

About two dozen small bridges along the division will be arched and otherwise improved. This will make the division more sound and will permit faster running and a gain of time. At most of the smaller bridges the trains always slow down, but with a good substantial arch to support it, faster running will be safer, and a gain of time thereby made.

A list of the bridges and their conditions will be sent to headquarters, and the work passed on, and when the summer comes the work will begin. The work will probably be let to a contractor, but nothing definite has been decided relative to this matter yet. If such is the case, then a local contractor is tipped to be a favored man in the bidding.

Yesterday the wrecking train and crew was sent to Montgomery tunnel, near Dawson, to replace two coal cars on the track. The cars were derailed early in the morning, but little delay was occasioned by the accident. No one was injured.

Car shops all over the country are busy. The American Car and Foundry Co. has orders ahead for 40,000 freight cars at its various shops throughout the country, including Jeffersonville. New orders are being given by the big railroads every day. The American Locomotive Co. has orders booked for 1750 locomotives and will spend \$2,000,000 on improvements on its shops in order to increase its facilities.

For the first six months of its present fiscal year the Illinois Central has earned \$20,616,022, against \$18,456,700 during the corresponding six months of 1900, and against \$16,350,964 in 1899. The company's business in the south is growing more rapidly than any other part of the system.

The New York Central has offered a prize of \$500,000 for some plan to better the running of trains through the Park avenue tunnel in New York where the recent disaster occurred. About 200 schemes have already been presented to the company but none has been accepted.

The wrecker was sent out again this morning to Curve, Tenn., a station below Fulton, where three freight cars had turned over. From reports no one was injured by the accident.

The improvements to the local I. C. mill yards are progressing fast. Nearly all the filling in on the east side has been completed, and the men are now at work on the east side of the yards. All the ties are on hand, and also the rails, and as soon as the grading is finished the work of laying the tracks will begin.

Superintendent W. C. C. Waggener of the Louisville division of the I. C., was in the city last night. He returned to Central City this morning.

Mr. John Donovan and wife returned to the city this morning, after a visit in Chicago.

Many prominent railroad men from Chicago, Louisville and St. Louis are here to testify in the case of former Conductor Roberts, of the Illinois Central, against road for damages for the loss of a hand, blown off by a "fuse."

AFTER THE 21ST.

THE CONTRACT FOR MANAGING LA BELLE PARK THEATER WILL BE LET.

There are at least two dozen applicants who desire to manage La Belle park theater but the street car company has not yet done anything towards letting the park out, and will not until after the 21st of the present month. There will be a meeting of the stockholders on that date for the purpose of electing a new board of directors and after that has been done the matter will be taken up. There are several local people, as before mentioned, after the park, but the company will show no partiality and will let the contract to the man who will bring the best company and who will keep the park in the best of condition.

AFRICAN RAILROADS.

London, Jan. 16.—It is announced here that Lord Kitchener has been authorized to expend \$35,000 pounds for the extension of railroads in South Africa, Lord Kitchener having arrived at the conclusion that this course would materially aid in the subjugation of the Boers.

GIVES SATISFACTION

Pleasure is General Over Reappointment of Mr. Fisher.

He Has Had an Administration That Speaks For Itself.

The reappointment as postmaster at Paducah of Mr. F. M. Fisher has given general satisfaction in the city, and it was no surprise to a majority of the people. Mr. Fisher has been postmaster for nearly four years, and placed the postoffice in the best condition it was ever in.

Since he took charge, through his influence and on his recommendation, three new carriers have been added, one a mounted carrier for the suburbs, and the other two in the more central districts. One clerk has been added to facilitate the service, and as a result of his assistance and recommendation, one route of rural free delivery has been authorized, and others are practically certain.

Steps have also been taken to enlarge the building to further increase the postal facilities, and the office has become next to the most important in the state.

The re-appointment of Mr. Fisher insures the same prompt, efficient and satisfactory service in the future that has given in the past four years.

The report that Senator Deboe would hold up the appointment in the Senate is about like other reports emanating from the same source. If he did, it would make no difference, as the Senators would hardly venture to offend the President of the United States to please the Senator from Kentucky in a postoffice appointment.

MYSTERY CLEARED UP.

WOMAN DROWNED AT EVANSVILLE WAS MRS. LAURA SHIELDS OF CURDSVILLE.

Evansville, Ind., Jan. 16.—Investigation revealed the identity of the mysterious woman who was drowned last night. She was Mrs. Laura Shields, formerly of Curdsville, Ky., and had gone to the river to meet a relative. She accidentally fell from the wharfboat. There was mystery surrounding the case till this morning. She was a widow with three children.

THE KAISER COMING.

London, Jan. 16.—The Candid Friend, a weekly newspaper, claims to be in a position to make the announcement that should Prince Henry's visit to the United States be as successful as expected, Emperor William himself will visit America in the autumn, with the Hohenzollern and a large escort of warships.

A CADET VACANCY

Congressman Wheeler Will Have to Name Another Cadet.

Mr. Kelley, of Fulton, Failed Together With Twenty-Two Other Cadets at West Point.

NO NEW APPOINTMENT

Congressman Charles K. Wheeler will have to appoint another cadet to the West Point military academy from this district, as the young man appointed several months ago, Mr. Wm. C. Kelley, of Fulton, together with twenty-two others, have failed to pass the examinations.

A West Point dispatch to the Globe Democrat says:

"The following cadets were today dismissed from the military academy, having been found deficient in their studies at the quarterly examination just ended the first seven being members of the third class which entered in 1900 and the remainder from the fourth class, which entered last year: 'John J. Murphy, of New York; John C. French, of Kansas; James McGould, at large; Boyd A. H., of Illinois; George West, of Tennessee; Donald G. Kimball, of New Hampshire; Terry B. Magee, of Wyoming; Leonard S. Arnold, of Arkansas; Ralph M. Cole, of New York; Edward S. Curtis, of Missouri; George F. Cor, of Pennsylvania; Lloyd R. Freden-hall, of Wyoming; Rexford H. Gardner, of Michigan; Herbert I. Hollister, of Pennsylvania; William Howard, of Michigan; William C. Kelley, of Kentucky; Raymond A. Lanigan, of New York; Robert J. McCarty, of New York; Thomas F. Mulvey, Jr. of New York; B. St. Clair, of North Carolina; Louis F. Schultz, of New York; Thomas A. Smith, of Nebraska and Howell L. Wells of Michigan."

"Their dismissal created a vacancy in the respective districts from which they were appointed."

It is not known whom Congressman Wheeler will appoint.

The young man next in line for the appointment is understood to be Mr. Dabney Crenshaw, of Trigg county.

WIRE NAIL PRICES RAISED.

RESULT OF MEETING OF ALL MANUFACTURERS IN THIS COUNTRY.

Pittsburg, Pa., Jan. 16.—A secret meeting was held here at which, it is said, all manufacturers of wire and wire nails in the country were present. It was learned from an authoritative source that the price of wire and wire nails was advanced \$1 a ton, to go in to effect at once.

LEURSDAY, JANUARY 16, 1920.

ALL THAT WAS COMING.

If the Republicans of Paducah ever

had any doubts on that score, they

now know who's who, and what's

what. If there are any who have

strayed off after false gods, enticed

by the silly vapors of boastful but im-

potent political has-beens, they may

now know what to expect in the fu-

ture if they continue to keep such

company. The Republican party in

Paducah is not divided. A good Re-

publican stands by his party and his

principles at all times, and if he has

a fight to make, he does not make it

through the columns of a mugwump

newspaper. But there has been no

fight in the local Republican party.

The few knickers who have tried to

create dissension by making a loud

noise are not Republicans, and if they

ever were, the party has gained an ad-

vantage by getting rid of them. The

Republican organization represents the

party, and at all times is vindicated in

what it does. The back-biting, dis-

cord-sowing impostors who try to

pose as Republicans and do all they

can to injure the party have made

their last struggle, and have been

effectually annihilated, so far as hav-

ing any influence with anyone is con-

cerned. They have got all that was

coming to them—and it wasn't much.

SUGGESTIONS FOR LEGISLATION

The following suggestions from the

Municipal Journal and Engineer will

be of benefit to those who hope to ac-

complish something along the same

line in Paducah:

"The American Park and Out-door

Art Association has succeeded in hav-

ing passed an ordinance in the city of

Quincy, Mass., imposing a fine for

placing advertising matter on poles,

posts, trees, etc. A bill has been in-

troduced into the house of representa-

tives of the Illinois legislature con-

taining practically the same restric-

tions as regards advertising notices on

any buildings, post, fence, bridge, etc.,

belonging to the state and county or

township. No advertisement shall be

placed on any other building, post,

fence, etc., without the written con-

sent of the owner and occupant of the

building. In addition to these matters,

the association has addressed a letter

to the unsightly buildings and sheds

can be hid from sight, in time, by the

planting of shrubs and trees about

them, and that the stations can be

made very attractive by flowers and

shrubs at little expense. The roads are

asked to agree to carry forward the

work of beautifying their stations and

grounds."

The official organ of the menda-

cious sorcerers who can now see their

finish as "party leaders" in Paducah

said recently:

"The antics of The Paducah Sun is

enough to make a steam engine laugh.

In commenting on Kentucky turning

from 9,000 Republican to 40,000 Demo-

cratic majority the Sun says: "If the

fault is in the leaders the party must

have new leaders." If The Sun is sin-

cere its editor-in-chief should resign

as chairman of the county and city

committees and go way back and sit

down, not forgetting to take Ed Far-

ley and the balance of The Sun gang

to the rear and there stay. They are

disunited failures as "leaders" and have

done more by their selfish and petty

spite work to disrupt the party here

about than any little clique in Ken-

tucky. The better element of the par-

ty will no longer recognize them as

leaders and what that gang wants is

just what the rank and file invariably

oppose. Such hypocritical mutterings

as that of The Sun is meant for effect

at Washington and no doubt written

to strengthen that crowd's hold at the

federal counter. The article closes by

THE GOOD AD

saying "the rivalry of the party leaders"

should not be permitted to disrupt the

party." If The Sun believes what it

says then the Sun crowd should get

out, for nowhere in Kentucky are the

Republicans as hopelessly divided as

they are here in Paducah, as the re-

sult of The Sun gang being in power

for the past five years."

And then the "Sun gang" lined one

out to center-field and made another

home run.

The so-called explanation of Clerk

Wm. Cromwell of the state senate, re-

garding the contest papers of Hon.

John Feland, of Hopkinsville, shows

that the whole affair was merely a

Democratic subterfuge, to prevent

the legal claims of a Republican to a

seat in the senate being considered

by a body themselves elected under

a fraudulent Democratic election law.

Mr. Feland mailed the papers to the

clerk on Jan. 4th, five days before the

expiration of time for filing contests,

and the return register receipts show

that Clerk Cromwell received them a

day or two later. He claimed that he

did not know what to do with them

after he got them, until he received a

telegram from Mr. Feland on Jan.

10th—a day too late. Very likely, it

is very probable that a man who has

had as much experience in the senate

as Mr. Cromwell, and who undoubtedly

reads the daily papers, wouldn't

know what to do with documents the

purpose of which was so evident, and

would through guileless ignorance

carry them in his pocket until it was

too late to file them! Mr. Cromwell

may think he can fool some people

with his stupid statement of how it

happened, but everybody knows it was

nothing but a Democratic trick to

shut out the contest of a Republican.

Kentucky must make a sorrowful

impression on the people of the out-

side world, with a man being tried at

the state capital for his life, on ac-

count of his politics, the guileless

young governor assuring us one day

that we are peaceful and law-abiding

at last, and sending out the militia a

few days later to keep a mob from hang-

ing a man for a crime he is not yet

proven guilty of, not far from a

town where a half-dozen negroes

were taken out and hanged only four

nights previously, and with our angust,

learned and thoroughly civilized

legislators considering bills to rehabili-

itate the whipping post and give

one company control of another com-

pany's business, and the—but why

prolong the agony?

Nothing has yet been heard from

the new city hospital that the people

have needed so long. It is a bad time

to think of getting anything, owing to

the financial condition "our predeces-

sors have left the city in," as Mayor

Yeiser might say. But if we have to

borrow money, we might as well bor-

row plenty of it, and get what we

need. Paying it back will be equiv-

alent to spending it, and we might as

well borrow as wait. In fact, there

are many things we just have to have

this summer, money or not.

The doctors of Paducah say they

will ask that they be allowed a regu-

lar fee for testifying in court. They

claim that it is expert testimony, and

worth \$25 in any court. The cost

will fall on the side that summons the

witness. Thus far the court has not

passed on this important case. If it

decides in favor of the doctors, it is

favored some of them will want to be

witnesses all the time.

Some of the people of Kentucky are

in favor of a boycott against "Uncle

Tom's Cabin." It is not exactly

clear, however, why anyone should

have to boycott it to stay away.

Those belonging to the "better ele-

ment" are beginning to wonder what's

in a name.

Strain this carefully and make into white sauce; add to it a dessertspoonful of chopped parsley, the juice of half a lemon and a few little bits of butter. Just before serving beat all together and serve in a sauceboat.

cialties were excellent, and the entire performance was worth many times the admission.

The success of three continents, "Florodora," will be seen at The Kentucky in this city for one performance next Tuesday, Jan. 21st. Many of the catchy airs from this popular musical comedy have preceded the production, and have had the happy effect of making their hearers hungry for more.

"Tell Me, Pretty Maiden," and "Under the Shade of the Palms" are among the many melodies that have floated westward, and the melodious concert is crowded with tunes that stick to the memory. The company to appear in the piece numbers one hundred, and travels in a special train of Pullman coaches. Among the principals are Miss Grace Dudley, Miss Maudie Lambert, Miss Frances Gordon, Miss Ida Doerge, Miss Selma Mantoll, W. T. Carleton, Alf. C. Wheelan, Thos. A. Kiernan, Chas. H. Bowers, M. J. Smith, Alfred Cahill and Sidney Jarvis. That the fame of "Florodora" has preceded it is amply evidenced at the box office of The Kentucky, where hundreds have made inquiries about seat reservations.

IN THE COURTS

Judge Sanders Had a Short Docket But Long Session.

The Allen Case Still Dragging Along in the Circuit Court.

The police last night raided two of the shady resorts in the city, one run by Ida Chesterfield, at Eighth and Husbands and another by Ollie Block, at Tenth and Husbands. Captain Bailey, Lieut. Moore and Officers Hart, Hessian, Rogers and Nance were in the squad.

In the Chesterfield place no one was arrested, as there was nothing to warrant any arrests. The character of the house was well known, however, and the Chesterfield woman was charged with keeping a disorderly house.

The Block woman was arrested on a similar charge, and in her house one couple was taken for immorality. Both women were presented in the police court this morning, and fined \$40 each for running disorderly houses, and the couple in the Block house was fined \$30 and costs each for immoral conduct.

An amusing feature of the raid was that a man was found in one of the places, and his wife in the other. She has sued him for a divorce, however, and they do not amount to much.

Jack Boyd, colored, charged with criminal assault, and arrested in St. Louis, was brought in yesterday afternoon by Special Officer Thad. Terrell, handcuffed and shackled. Boyd said he would rather have died than be brought back, and was so desperate that he had to be brought here as stated above. His trial is set for tomorrow in the police court.

Marshal Crow himself will go to Memphis after E. L. McGee, the former installment man, wanted on an indictment for obtaining money by false pretenses, and false swearing, when the requisition papers, already applied for, arrive.

George Staton, colored, and Greek, the restaurant man, were fined \$5 and costs for engaging in a fight on lower Court yesterday.

Bob Greer, colored, for carrying concealed a deadly weapon, was fined \$25 and given ten days in jail.

The case against Rosa Lee and Lillie Downey, the women arrested at Mayfield yesterday for stealing clothing from Lucy Trammell's, has been on trial most of the time. They are making a hard fight.

CIRCUIT COURT.

At press time the Allen case was still on trial. The defense's witnesses had the stand, all the witnesses of the plaintiff having been heard and finished this morning. There are many witnesses for the defense, and how long the case will remain on trial no one can tell.

In the case of T. J. Flournoy, assignee, against M. Woolridge, the commissioner produced a deed to T. J. Flournoy.

In the case of Pat Halloran and others against Maria Cowlin and others, the commissioner filed a report of sale, which was ordered to lie over.

In the case of Ed McNary against Griffith & Garrison, damage suit for \$5,000, the demurrer to the plaintiff's petition was overruled.

In the case of F. G. Rudolph, administrator, against Ida Dickerson, J. E. Moss, guardian ad litem for the infant, was allowed his fee of \$5 for services.

The case of E. C. Terrell against T. M. Spencer was dismissed by motion of the plaintiff.

COUNTY COURT.

Gip Husbands, M. C., deeds to T. J. Flournoy, for \$1,000, property near Ninth and Adams streets.

C. W. Smith and wife deed to Mr. J. A. Baner for \$407 property near Sixth and Elizabeth streets.

Marriage license was issued David Reynolds, colored, of the city, age 21 to George Reeves, of the city, age 21. It will make the first marriage of both.

Thomas W. Allen deeds to S. A. Fowler for \$850 property on Twenty-eighth and Broadway streets.

Stephen Warth deeds to Moriz J. Friedman for \$800 property on Court street near Third.

AXES AND ALL.

SOMEbody HAS BEEN MAKING WHOLESALE RAIDS.

Officer James Collins has been investigating the theft of axes, hatchets, hoes, rakes, pitchforks, posthole diggers, shovels and other such implements from residents on South Sixth street near Washington, and perhaps in other localities. Yesterday an axe was stolen from Mr. H. E. Thompson and Mr. Eli G. Boone and a shovel from Dr. John Bond. Dozens of such things have been missed, and it is understood that boys are responsible. If they are caught they will be properly punished.

Officer Collins this morning later made an investigation and found some of the stolen property a few axes and shovels at second hand stores, and some hidden. The names of the boys, who are colored, are Robert Davis and Milton Enoch. They were locked up to await a hearing tomorrow.

Try Dr. Jennelle's tooth powder. It is warranted to be the best offered to the public.

Foley's Honey and Tar for children's ailments. No more croup.

MUSIC HATH CHARMS.

THE YOKEL, AFTER LISTENING, THOUGHT "THREE-FERS" WERE NOT TOO HIGH.

Mr. Moore Whittaker, the well known lunch man at the local I. C. depot, is assured that all the "green" men are not yet dead. He is a practical joker, and has much fun with the country men who come into the depot.

Several days ago a tall, lanky "son of the soil" walked into the lunch room, and after asking the price of all the wares displayed on the counter, and some that were not, he decided to purchase three cigars for 5¢. At the last moment, just as Mr. Whittaker had secured the cigars from the case, the country man backed out, and said that he guessed he would not smoke, as the cigars were too high. With this he walked towards the door, and Mr. Whittaker stepped to the music box which stands in the room and set it to going. The instrument is of the type often seen in bar rooms, where a "nickle in the slot" will produce a tune. The instrument is closed, and the observer can not see the workings. The country man walked back, and after a careful examination of the box asked where the man who played it was stationed. At this juncture the machine stopped, and the country man's curiosity was aroused, and he spent ten cents in attempting to ferret out the mystery. When he did find out the mystery he was so pleased with himself that he purchased the cigars and "lived happily ever afterwards."

BIG CONCERT.

DEAN'S BAND WILL GIVE ONE TO BUY NEW UNIFORMS.

Dean's band will give a big concert some time in the near future for the purpose of purchasing new uniforms. The Ladies' Auxiliary of the Elks lodge is working for the band, and will be of great assistance in getting the concert up. The band is composed of twenty-one pieces, and there are uniforms for but half the number. The big Elks fair will engage the band for the week, and want to have it appear to the best advantage in appearance, as well as in the music. The date for the concert has not yet been set, but when the program has been arranged, and all the participants selected, then the date will be arranged.

There will probably be a big chorus secured, and also the best violinists and musical novelties secured. This will be the biggest concert ever given in the city by local people, and all on new music from the best composers. The concert will probably be given in The Kentucky.
